

Did you know?

The school library has eBooks you can access & read from home!

Just go to the [library catalog](#).

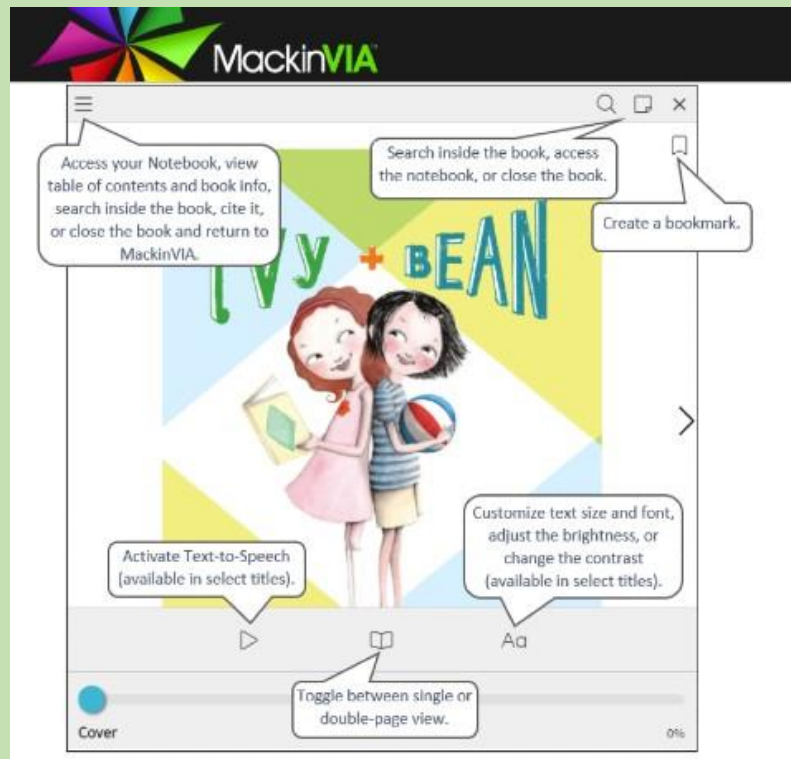

Either scroll through the eBooks on the dashboard here...

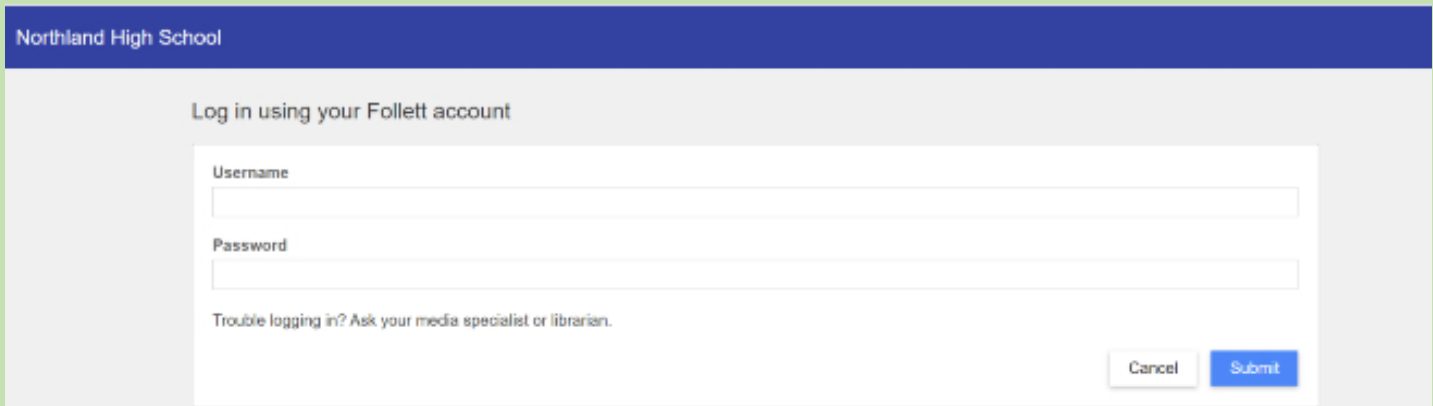

or search the term "ebook".

Filter your search or scroll through the eBook collection.

The eBook you select MAY open in MackinVIA. If so, log in using your Clever credentials.

If you log into the library catalog first, you *should* automatically be connected. Students login the same way as Clever EXCEPT use slashes on your birthdate instead of dashes

Most eBooks will open in Follett where you can do some AMAZING things!
